

## Whatever your taste, good food never goes out of style. Get together for **Dine&Donate** and help those who have been victimized by crime or tragedy?

Can you help Victim Services of Renfrew County's Fundraising? Why not host a dinner, supper, lunch or brunch party and support our campaign by raise money for the most vulnerable individuals - those who have been victimized by crime or tragedy.

Are you a restaurant, hotel, inn or commercial or hospitality company? Could you hold an event that will bring funds for Victim Services of Renfrew County and a percentage for your business in addition to a great public relations benefit?

Invite friends and family to your home and instead of bringing a gift along, ask them to bring a donation. You can either suggest an appropriate amount in advance or let your guests show their appreciation of your hospitality by donating what they might have paid in a restaurant.
